

VANISH™

FAST-ACTING, ORGANIC CONCRETE & RUST REMOVER

VANISH is a breakthrough in the removal of unwanted concrete residue and rust. It will not harm materials such as iron, steel, plastic, rubber or vinyl. Ideal for cleaning forms, pavers, portable mixers, swimming pools, tools, windows and anywhere you find cement, gunite, mortar or efflorescence build-up. Can be diluted up to ten times while still retaining good dissolving speed and capacity.

- High potency formula dissolves concrete, mortar, calcium, lime and scale and rust
- No smoke, no fumes – can be used indoors
- Contains no hydrofluoric, glycolic, sulfuric or phosphoric acids
- Will not harm most vehicle paints, decals, wiring or hoses
- Highly effective for removing rust

INDUSTRIES

Concrete
Construction
Mining
Municipalities
